

The **Coway BA08** remote control Bidet seat is the ultimate personal health and hygiene solution for the whole family

Soft Closing Seat and Lid

Hydraulic dampers installed at the hinges allow the seat and lid to close softly.

Heated Seat

3 temperature settings, great for those cold mornings.

Remote Control Keypad (right) ►

Can be mounted on the wall beside your toilet, or on either the left or right of the Bidet.

This Bidet has passed electrical and plumbing certification required by Australian Standards.

Available in:

- Round Seat
- Elongated Seat

Large easy to see buttons make operating this Bidet **so easy** for people of all ages.

Installs in Minutes!

Just replaces your existing toilet seat

Press the **Rear Cleansing** button and the Bidet provides a gentle stream of warm water that will thoroughly clean you

If you prefer you can press the **Ladies Wash** button just for girls

Then press the **Air Drying** button and the Bidet will dry you with warm air without having to use any toilet paper leaving you feeling fresh and clean

Auto Power-Saving Mode

The product enters power-save mode if the control is idle for 30 minutes and no user is detected by the sensor. Once in power-save mode, the water and seat temperature is set to 'low', and the LED on the main area is switched off.

Self-Testing

The LED on the main body flashes when a problem occurs, while setting off the buzzer to alert the user.

Nozzle Position

The nozzle position can be adjusted as desired by the user.

Twin Nozzles

The anal cleansing nozzle and female bidet nozzle are separated for a more hygienic operation.

Move

Select the 'move' function during rear or front cleansing to toggle the nozzle forward or backward for a more thorough cleansing.

Self-Cleaning Nozzle

After the rear or front cleansing is complete, the nozzle is automatically sprayed with cleansing water for 5 seconds to maintain nozzle cleanliness.

Ergonomic Seat

The ergonomic design allows comfort for extended use.

Auto-Cleansing

With a single touch, the user can conveniently run the 'rear cleansing and air'.

With Coway's advanced technology the Bidet can adjust the water stream to 3 distinct, precise levels ensuring total cleansing.

This Bidet will fit on your existing toilet suite if the measurements of your pan are:

- 08R **A:** 500mm or above
B: Between 140 - 195mm
C: 330mm or above

- 08E **A:** 525mm or above
B: Between 140 - 195mm
C: 340mm or above

For your convenience...
 the Coway Bidet automatically cleans the entire nozzle before and after each use!

Easy installation - Simple 4 step process

1

Remove your toilet seat

2

Connect your pipes

3

Place Bidet on top

4

Plug in the wall
